

Katie Thornton's New Series Investigates the Influence of Shortwave Radio

[Leave a reply](#)

Award-winning journalist **Katie Thornton** has launched a new season of the Peabody-winning podcast, *The Divided Dial*, produced by *On the Media* and *WNYC Studios*. In this season, Katie focuses on shortwave radio—a medium that is near and dear to our hearts.

In **Episode 1, “Fishing In The Night”**, Thornton explores the international ambitions and shadowy past of shortwave broadcasting. The episode features our friend and resident [Shortwaveologist](#), **David Goren**, who shares rich insights on the cultural and political influence of the shortwave dial.
