

## Monitoring the Hudson River

Troy Federal Lock, all NY State Canal Locks and Hudson River vessel traffic - Marine Ch 13 156.650.

It is all simplex so short range.

### [k2hz](#)

Other general use channels you may want to monitor:

International Distress, Safety and Calling: Marine Ch 16 156.800

Coast Guard Safety Broadcasts: Marine Ch 22A 157.100

Recreational Boats and Marinas: Marine Ch 9 156.450 and Marine Ch 68 156.425

Note: VHF Marine is FM, not FMN.

Calls on Ch 16 will generally state a working frequency to switch to. This will indicate other area frequencies in use.
